AI Automations Engineer & Data Manager

About Me

3 Years of turning **data** into insights and action with **AI automation** and smart workflows. I leverage **Python, n8n, Make.com, and Zapier** to scrape, analyze data, automate processes, and build AI Agent solutions that make operations seamless and efficient.

Experience

- Data & AI Automation PMO**
TARGETUP Consulting | Casablanca - Hybride **Oct 2025- Apr 2026**
 - Leading digital **transformation** and **AI automation** initiatives to optimize business processes and CRM operations
 - Built **(+20)** AI-powered **productions workflows and AI Agents** using Python, low-code tools, transforming manual processes into scalable systems
 - Developed an AI-driven tender offer detection and scoring system integrated with Odoo CRM, **cutting manual search time by 90%**.
 - Automated multi-source lead generation and CRM routing (**Google, Apollo, LeadRocks, email, social**), increasing conversion rate from **4% to 60%**
 - Conducted strategic **market research, web scraping** and **data analysis** to optimize campaigns and support decision-making.
 - Managed **SEO, GEO, and Meta ads** to accelerate campaign deployment.
 - Supervised and coordinated a team** (Marketing Specialist, Odoo Developer, 2 interns), aligning digital transformation initiatives
- Data & Marketing Analyst / Automation Specialist**
IFCAR SOLUTIONS | Rabat - Onsite **Dec 2024- Oct 2025**
 - Built an AI CV classifier processing **100+ resumes daily**, reducing recruitment cycle time by **2 days** using n8n and Gemini API.
 - Increased website SEO performance **by 20%** and social media visibility **by 38%** by building a free AI-powered CV analyzer tool that attracted and engaged job seekers.
 - Recruited IT profiles (Cybersecurity, Data, Fullstack, Data & AI) with an **80% placement success rate**
 - Conducted strategic **market research** to identify hiring trends and competitor demand
- Data Analyst**
SOREC | Rabat - Onsite **Oct 2024- Nov 2024**
 - Analyzed datasets (SQL, CSV, XLSX, Raw Data)
 - Developed interactive dashboards using PowerBi
- Census Enumerator**
HAUT COMMISSARIAT AU PLAN **Aug 2024- Sep 2024**
 - Participated in the 2024 population and housing census.
- Data & Marketing Analyst**
IFCAR SOLUTIONS **Jan 2024- Aug 2024**
 - Analyzed data and created dashboards to visualize trends.
 - Web scraping and market research
